

UNDERWRITING INSIGHTS

Are you sure your clients are “Standard”?

Your healthy Standard clients may qualify for American General’s Standard Plus Underwriting class – and a rate reduction of nearly 10 percent!

Don’t let one impairment force your client into a Standard Nontobacco class. American General’s Standard Plus class allows healthy Standard clients to save money with an upgrade to Standard Plus. In fact, nearly 25% of Standard cases with competitors that don’t offer a Standard Plus class may qualify for Standard Plus with American General Life Companies! The example here shows how we can help an overweight client save on his premium compared to our peer competitors¹.

EXAMPLE: Build

Joe is 50 years old and is generally in good health, but at 6 feet tall, he weighs 240 pounds. Joe is looking for \$1 million of permanent life insurance protection. Since American General recently liberalized its Standard Plus underwriting guidelines, Joe would qualify for Standard Plus.

Product: AG Secure Lifetime GUL®

Standard Plus Annual Premium: \$10,558

Average of our peer competitors²: \$11,716

An annual savings of 9.88%

If you aren’t quoting American General’s Standard Plus for your healthy standard cases, your clients could be paying more than they need to. For more information on Standard Plus and our other innovative underwriting programs, visit eStation.americangeneral.com.
