

## Experience Explosive Growth with GoSolo!

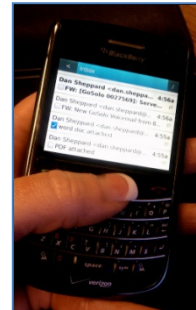

*Hot Tips for Leaders*

### 1. **Get your team on a FREE Communication Package- GoTeam NOW.**

It's a GoSolo "free communication service" developed specifically for new associates making it easy for leadership to reach out and motivate, inspire and inform every new associate *directly* so they set more appointments, get more people attending opportunity meetings, and get associates licensed faster. GoTeam provides you *direct access* to send your message and make sure it is received *their way* (voice, email, text). **Get your team to sign-up today! [HBW.GoSolo.com](http://HBW.GoSolo.com)**

### 2. **Mobilize. Use your smartphone the "smart" way.**

Activate "Message Forwarding" and all *your* messages (voice, email, fax) will be forwarded to any email account(s). Voice messages are attached as an MP3 file, so you can listen directly from your smartphone or computer. Introducing **NEW Mobile Message Center for BlackBerry, iPhone and Droid**. Now you have the *power* of your complete GoSolo Message Center on *your smartphone*. This smartphone application makes it easy to: send FREE texts, send and receive emails and faxes and receive voice messages- wherever you are!

Mobile Message Center

### 3. **Reach your entire hierarchy- List 28, List 29.**

Send one message out and reach your entire hierarchy by using distribution lists that are always in synch with HBW everyday, so you never have to worry about who is in your downline. You don't have to manage contact lists because your team members' emails, phone, complete contact information is maintained by the team member's GoSolo account, so it's always up to date.

**List 28 is Baseshop, List 29 is ????**

### 4. **Content Café. Personalize and localize your message to your team.**

It's your personal YouTube. Quickly and easily personalize and localize your message to your team. Easily upload and share your video or voice content in no time. Create personalized channels (Events, Training, Closing, Objections, etc) and organize content that makes sense to your team. Build stronger relationships by your team experiencing *you* like never before. Got a new recruit heading to an appointment? They can take a minute and refresh and fine tune their pitch in minutes, viewing your video from their smartphone.

Content Cafe

## 5. *Get your team to take action. Forward a voice message with your comments.*

Record *your* comment on that inspiring message you received and forward it along to your team. The last 3 comments are included with the original message. The entire series of comments are available via the web.

## 6. *Scheduled messaging. Share a series of important content.*

Get new folks on the road to success from the start. Record messages in advance and they automatically get sent out on a schedule. Another effective way to keep your team focused on their first 90 days in the business!

## 7. *Be found anywhere- never miss that important call.*

Activate “Find Me” and “Call Blasting” and your GoSolo number will be forwarded automatically to any number(s) you want and you will never have to worry about missing a call.

## 8. *Send a fax from your smartphone, from any email account.*

With “Email2Fax” you can fax documents directly from any email account. Now you can even send faxes from your smartphone!
